## FOREVER SUMMER!

A beautiful, creative and fun summer has just come to its end! We look forward to sharing our news with you!

\*To learn all our news, visit our renewed website (<https://www.omnes.gr/>) or follow us on social media (omnes.gr on [facebook](#) and [instagram](#)!)

## LESSONS

In the "warm" - literally and metaphorically - atmosphere of our yard, Greek and English lessons for adults and Greek for children took place - with the necessary self and rapid tests - throughout the summer!

**"I like very much the lesson and the Greek language. I like learning, but greek language is difficult."**

ALI, 44 YEARS OLD

**The lessons are difficult and we still have a lot to learn. We are very happy to attend both Greek and English classes. Thank you.**

MARZEYEH, MILAD, HAFIZOLLAH

## EDUCATIONAL VISITS

This summer our students and their families had the opportunity to visit Lake Doirani, one of the main points of interest in our area! A total of about 100 people participated in the educational visit to our uniquely beautiful wetland, where they had the opportunity to tour the area around the lake, admire the beautiful landscape and finally be hosted in the nearby cafe - restaurant, where young and old enjoyed moments of relaxation, carefreeness, while playing games!

## ACTIVITIES

Along with learning, the role of entertainment is equally important! A multitude of activities took place for children of all ages: arts and crafts, painting, storytelling and other activities kept our little friends company, giving them the opportunity to spend their time happily and creatively! So, we all had fun together and our yard was filled with children's voices and colors! The World Refugee Day was, also, special and this is the reason why we celebrated it with traditional food, music and games for the children!

## INFORMATIVE MEETINGS – DISCUSSIONS

Meetings and discussions on a wide range of topics were held throughout the summer. Initially, a cycle of empowerment and support was organized with significant participation of women and men on topics of their choice, based on their interests and needs, such as stress and coping techniques, the position and rights of women in the modern world, legal status and refugee rights. In these meetings we had the opportunity to get to know our members better, to discuss useful subjects, but also to learn through the experiences and concerns they shared with us. At the same time, we prioritized information on health issues, such as Covid 19, vaccinations, instructions for self-tests, nutrition and healthy lifestyle.

All these actions would not have taken place without the valuable assistance and support from the organization **Choose love!** We are grateful to them for their contribution to our work, which is to promote inclusion and help the people in our Centre better every aspect of their lives!
