A CREATIVE AUTUMN!

The fun summer has given way to a creative autumn! Our program was renewed and enriched, offering all our members knowledge, joy and fun!

~Lessons~

Pathway to All Children in Education

One thing that was very important for us was the beginning of the program "Pathway to All Children in Education (ACE)", which is implemented by OMNES with the support and funding of UNICEF Greece. The project aims to facilitate the access of refugee and immigrant children to formal education, as well as to support their attendance.

Interdisciplinary teams consisting of educators, interpreters, psychologists, and social scientists provide services through the "Centers for Education and Creative Activities", in order to contribute to the development of language and social skills.

More specifically, the program includes:

- Preparing children who do not attend public schools in order to facilitate their smooth integration into them, in accordance with the Greek law.
- Supporting the development of language skills (Greek and English).
- Providing support at home for the daily work and obligations of students, with the aim of the smooth continuation of schooling and the avoidance of the phenomenon of school dropout.
- Enhancing social learning, psychosocial support and empowerment of children.

"Classes in Inclusion help us a lot in school!"

HUSSEIN, 13

"I like the lessons, because I spend time with my friends and I learn a lot of things!"

ALI, 14

"Apart from the lessons, we do many other things and we have a great time."

ROKAIA, 13

~Creative activities~

*Learning*Creativity*Fun*

Creative activities are always one of our top priorities due to filling us and our members, young and old, with joy! For the first time, art workshops (painting, creative writing, chess) for young people were implemented in our center, a knitting team was set up in the context of women's creative activities and skills enhancement courses in new technologies started again. At the same time we enthusiastically welcomed the Red Noses International, who introduced us to their show and held a fun workshop!

!

Storytelling workshop with Afghan writer Parwana Amiri!

Painting workshop with Afghan painter Lida Sherzad!

Computer classes

Chess workshop with Polish world champion Michał Kanarkiewicz!

On line workshop with Red Noses International!

~Meetings – discussions~

*Education*Psychosocial support*Health education*

With the start of the new school year and the ACE program, we decided to hold training meetings and briefings about the importance of attending school and attending support courses at the Inclusion Center. At the same time, we continued holding meetings about various other topics, such as psychological support, social empowerment and information on medical issues.

All these actions would have been impossible without the valuable help and support of **Choose love** and **Unicef**! We are grateful that they are by our side and contribute to our work, in order to promote the inclusion of our people and the improvement of every aspect of their lives!
