### \*Pathway to All Children in Education\*

We are happy to continue the program "Pathway to All Children in Education (ACE)", which is implemented by OMNES with the support and funding of UNICEF Greece. Greek, English, Math, Science and computer classes are held on a daily basis in combination with a number of psychosocial activities, with the aim of facilitating the access of refugee and immigrant children to formal education, as well as their general empowerment.

\*OMNES is a partner of SolidarityNow under the "All Children in Education" program funded by UNICEF Greece.

**"We do a lot of activities,  
painting, art and crafts, we  
meet our friends and we have a  
great time!"**

## ~Informative meetings – discussions ~

\*Education\*Psychosocial support\*Health education\*

In the framework of the ACE program, educational meetings were held with the teachers of the schools where our students attend, in order to contribute to their smoother and more stable attendance at them.

At the same time, meetings of various topics were continued: groups of psychological and social empowerment - support and information on medical issues.

- "Internet security for parents and children", in order to inform about the risks and provide some advice to avoid them.
- "Bullying and digital bullying", in order to inform the beneficiaries about the phenomenon and its ever-increasing dimensions over the years.
- "COVID-19 - Latest updates for Greece" (New measures, Third dose of vaccines, Validity of vaccination and disease certificates, Instructions in case of a positive result and case contact, Self-test and rapid test).

All these actions would have been impossible without the valuable help and support of **Choose love** and **Unicef**! We are grateful that they are by our side and contribute to our work, in order to promote the inclusion of our people and the improvement of every aspect of their lives!
