SUMMER NEWS

*Hello
Summer*

We celebrated the beginning of summer, the end of the school year and the completion of the ACE (All Children in Education) program with smiles and in a happy atmosphere. The program's aim was to provide refugee and migrant children with access to formal education and support their studies.

OMNES was a partner of SolidarityNow in the context of the "All Children in Education" program implemented with support and funding from Unicef Greece.

Robotics Workshops

Robotics Workshops provide fun and facilitate education. Through these workshops, children develop their creativity and computational thinking skills. Questions such as: What is a robot? How does a robot think, and how can we program it? Were answered.

Our warmest thanks to Robotic Lab 28x for educating our small beneficiaries on such an interesting topic!

SUMMER NEWS

“Varenika” is a traditional dish of both Greek Pontiac and Ukrainian cuisine!

It is stuffed crescent-shaped pasta that owes its name to the way they are cooked (boiled but can also be steamed). Stuffed with cheese, potato, or fruit, they are served in both their salty and sweet versions.

This recipe was presented to the Culinary Art Department of the Kilikis Public Vocational Training Institute students by Ukrainian women who live permanently in Kilikis.

We visited the annual exhibition of the Kilikis Photography Group that hosted at the Austro-Greek Tobacco Warehouse in Kilikis, in the context of getting to know the cultural teams of our city and being informed of local cultural events.

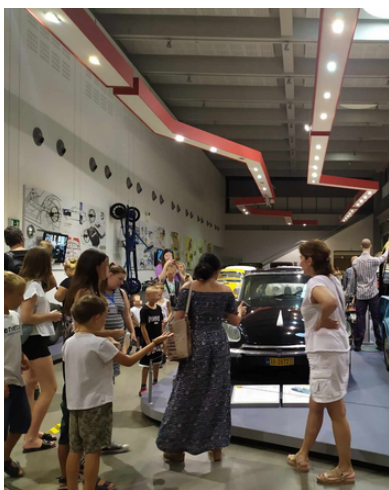

Portraits, travel photos and landscapes, were some of the subjects of the great exhibition.

SUMMER NEWS

Children from Ukraine and their families visited NOESIS in the frame of educational visits organized by OMNES. NOESIS located in Thessaloniki, is a science dissemination center and technology museum. Children toured the museum and visited the exhibition on ancient Greek technology, the Museum's collection of classic cars, and the Technopark. Technopark was the most entertaining part of the museum as children had the chance to actively interact with the exhibits and learn in a fun way.

SUMMER NEWS

Following our invitation, the Centre for the Prevention of Addictions and the Promotion of Psychosocial Health "Nireas" visited the Omnes Inclusion Centre where a workshop was held on the role of the family in preventing addictions.

We discussed various forms of addictions, the stages, the causes, and the factors that help to avoid them.

We warmly thank "Nireas" for the presentation.

Our social workers organized a series of empowerment and support sessions involving women on topics such as bullying, parent-child relationships, friendship and boundaries.

SUMMER NEWS

Congratulations to all our incredible students from Ukraine that passed the examination for the Certification of Attainment in Greek. Best wishes to those fantastic women who proved that everything can be achieved when you set goals. Good job girls!!!!

CONGRATULATIONS

Expressing gratitude for our work is a powerful gesture. Thank you for trusting us!

Thank You

"I couldn't even imagine that someone could help me this way. I can always ask questions about everything and be sure that I will receive an answer and a helping hand".
